## Benjamin H. Freedman Sues A.D.L. For \$500,000 Damages

New York—Benjamin Freedman has brought suit in the Supreme Court of the State of New York, against the Anti-Defamation League, B'nai B'rith, American Jewish Committee and their officers, based upon libelous statements made in the A. D. L.'s "CROSS CURRENTS" and for conspiracy. Defendants in this suit include Doubleday & Company as publishers, and Bretano's Inc. as distributors of the A. D. L.'s publication "CROSS CURRENTS". Summons and complaint have been served upon these corporations and approximately 30 officers and managing agents of the above corporations. This action was brought by Mr. Freedman in an effort to expose the methods employed by the American Jewish Committee, the Anti-Defamation League of B'nai B'rith, and the B'nai B'rith, to destroy anyone who attempts to expose the criminal nature of their operations.

The A. D. L. is recognized as the "Jewish Gestapo" by those who are informed on the Marxist technique for obtaining world control. These groups openly boast of more than 2,000 paid full-time agents who spy upon Christians and Christian organizations. The A. D. L. is feared by men in public life. The A. D. L. has a record in their files of the personal lives of thousands of men in public life, whom they blackmail into submission by threats of exposure.

The American Jewish Committee, the Anti-Defamation League of B'nai B'rith, and the B'nai B'rith Fraternal Order, control the votes of the Jews. This vote is concentrated in five key States and enables this group to control 28% of the electoral votes by which they control the election of the President of the United States. They supply both political parties with a large part of their financial contributions. Since 1932, these groups have always maintained their "spy" in the White House. David Niles (Neyhus) acted in this capacity to F. D. R. and Harry Truman, Maxwell Rabb (Rabinowitz) fills this position at the present time. Rabb has charge of "minority" affairs and is Secretary of the Cabinet, arranging what matters shall be discussed at Cabinet meetings. Rabb thus serves as the "pipe-line" by which information is passed both ways on matters affecting the security of the United States. The principal contacts in the White House are the agents placed there by the A. D. L.

Mr. Freedman is not the only one smeared in "CROSS CURRENTS". The following are a few of the patriots who are also smeared because they dare to challenge the conspirators who are seeking to obtain world control by dominating the government of the United States:

Kenneth Goff, Mrs. Elizabeth Dilling, Merwin K. Hart, Conde McGinley, Edgar W. Waybright Sr., Admiral John G. Crommelin U.S.N. (Ret.) Major Robert H. Williams, former Senator Jack B. Tenney, Senator Joseph McCarthy, Verne P. Kaub, W. L. Foster, Lt. General P. A. Del Valle U.S.M.C. (Ret.) Aldrich Blake, Austin F. Hancock, Clarence E. Manion, Robert Donner, Major Geo. Racey Jordan, Robert M. Harris, Grace L. H. Brosseau, Corinne Griffith, Frederick

**BENJAMIN H. FREEDMAN (Patriot)**

G. Cartright, Congressman B. Carroll Reece.

If you have been libeled in "CROSS CURRENTS" as Mr. Freedman has been, maybe you are one of those who, we understand is bringing suit against the A. D. L. and the book stores or newspapers promoting this vicious smear book.

Following we publish excerpts from Mr. Freedman's 20-page complaint.

**It is alleged:**

### FOR A FIRST CAUSE OF ACTION FOR COMPENSATORY DAMAGES

Upon information and belief that certain of the above named defendants are residents of Westchester County, State of New York, including defendants Barney Balaban, Herbert H. Lehman, Leon Lowenstein, Thomas R. Burns, Kenneth D. McCormick and Ralph Samuel.

That the defendants Arnold Foster and Benjamin R. Epstein wrote and participated in the publication and circulation of a certain book entitled "Cross Currents" (copyrighted by the Anti-defamation League of B'nai B'rith 1956, and printed by Doubleday & Company, Inc.) during the year 1956.

Upon information and belief that defendant Doubleday & Company, Inc. is a New York corporation; that Doubleday & Company, Inc. printed and published the aforesaid book at the request of certain of the other defendants.

Upon information and belief that the aforesaid defendant, Doubleday & Company Inc. demanded and received from certain of the other defendants an indemnity agreement and/or surety bond indemnifying Doubleday & Company, Inc. against any damage sustained by reason of actions brought for alleged libelous matters contained in said book.

Upon information and belief that defendant Brentano's Inc. is a New York corporation; that defendant Brentano's Inc. operates retail stores in the City of New York and elsewhere for the sale of books to the public; and that during the year 1956 defendant Brentano's Inc. participated in the sale and promotion of the aforesaid book

to the general public.

That plaintiff herein had for 30 years prior to 1946 engaged in business successfully in the State of New York, and in other states of the United States and in foreign countries, and at all times enjoyed a good reputation, had a good name and good credit, until the defendant The American Jewish Committee and certain other defendants, and others acting on their behalf, instituted a program for persecution of plaintiff solely for the reason plaintiff had expressed in public print his personal views as an American citizen upon the Middle East situation notably the situation created by American Zionist pretensions regarding Palestine; that plaintiff's views differed on that subject from the views of the defendant The American Jewish Committee and certain other defendants; that as a consequence since May 1946 certain of the defendants herein, activated by malice, have wrongfully and maliciously conspired to destroy plaintiff's reputation, good name and earning power in business.

That in said publicity released by certain defendants herein plaintiff was characterized among other things of a like nature as an "anti-Semite", as a "hate-monger", as a "disgrace to his race", as a "traitor to the nation", as a "Benedict Arold", as an "Arab

### A Rabbi--Man Of God?

"The Reflex", Jewish Magazine, Nov. 1927, wherein it was stated:

"The modern American Rabbi is a man of the world. He knows and cherishes the power of money, and is adept in matters of finance, mortgages and loans. In the changing currents of American life, he follows with the stream. His sermons are pale exhortations of a soothing Judaism, which demands nothing and obligates no one. The American Jew is not only thoroughly rationalized, but de-theologized as well."

### Out Of The Bag!

Perlzweig lets the Cat out at Glasgow

The Jew M. Perlzweig, an official of the World Jewish Congress, is reported in the 'Jewish Chronicle' (16th Dec: 1949) to have recently stated in an address at Glasgow: "It was the World Jewish Congress which had secured the holding of the Nuremburg trials at which it had provided expert advice and much valuable evidence: it was the World Jewish Congress that had such lines of Communication throughout the War, extending even into the German Foreign Office, that they received information long before either the British Secret Service or the American Intelligence did." This quotation appears in a letter from a Jew E. L. Mendel who thought it inadvisable for Perlzweig to speak so openly. The speech of Perlzweig was made on 27th Nov. at Langside Halls.

propagandist", as an "unregistered foreign agent", and by other characterizations designed to disgrace, dishonor, degrade, shame, humiliate, impoverish, pauperize and ruin plaintiff; that after the first expression by plaintiff in public print in May 1946 as aforesaid defendant The American Jewish Committee sent its General Counsel, George Minzer by name, to the home of plaintiff to deliver its ultimatum to plaintiff; that George Minzer on that occasion remained at home of plaintiff for four hours threatening plaintiff with "retaliation" by defendant The American Jewish Committee and others unless plaintiff agreed to cease and desist from ever again expressing in public print plaintiff's attitude concerning the pretensions of Zionists with regard to Palestine; that pursuant to defendant The American Jewish Committee's threat of "retaliation" defendant American Jewish Committee secretly circulated large quantities of an anonymous document concerning plaintiff in which statements libelous to plaintiff appeared; that plaintiff thereupon commenced legal action against defendant The American Jewish Committee and its officers; that defendant in said action The American Jewish Committee forthwith retracted certain libelous statements over the signature of its president, the Hon. Joseph M. Proskauer; that plaintiff herein thereupon discontinued said action, details of which are included in the court records in the libel action entitled **Benjamin H. Freedman vs. The American Jewish Committee et al.** (United States District Court for the Southern District of New York).

That the associated and affiliated organizations, or persons acting on behalf of said certain defendants, invaded the private club rooms of the Rockland County Republican Club in Spring Valley, New York, where the Rockland County Republican Club was about to hold its regular meeting, said invaders, wearing the uniforms of the United States Army with the added insignia of the Jewish War Veterans affixed to their over-seas caps; that said invaders of the private premises of the Rockland County Republican Club were present in large numbers and threatened several hundred members in the clubrooms with force and violence unless they immediately left the premises; that the Chief of Police was unable to prevent the expulsion of said several hundred members from the private club-rooms; that plaintiff was the invited speaker for the occasion; that plaintiff was invited to address the Rockland County Republican Club on the Middle East situation; that said Jewish War Veterans announced they would not allow "anti-Semitism in Rockland County" and pronounced plaintiff an "anti-Semite"; that said Jewish War Veterans threatened plaintiff with force and violence if plaintiff attempted to address the Rockland County Republican Club on that occasion; that the building in which the Rockland County Republican Club meeting was being held was completely surrounded by Jewish War Veterans; that hundreds of members of the Rockland County Republican Club were denied admission to the building with threats of force and violence; that newspapers in the area fully reported this occurrence from accounts by reporters who were present; that the matter was reported to the Department of Justice but no action was ever taken against said invaders for violation of the civil rights of plaintiff, the Rockland County Republican Club and members thereof.

That pursuant to the purpose, policy and program of certain defendants herein for the pitiless persecution of plaintiff as set forth herein, and otherwise, plaintiff has been characterized for a period of 10 years, among other things, a person unworthy of association with others for no reason except plaintiff's expressions in public print enlightening the general public upon historic, scientific and theological facts with direct bearing upon the pretensions of American Zionists concerning Palestine, and its implications upon the security of the United

# The Anti-Defamation League... Many Things To Many People

One person asks how it is possible for people to support the ADL? The next cannot understand how it is possible for anyone to see anything bad in the ADL.

To some the ADL is a constructive organization always working to explain and present facts, all that the way of each of us will be made better. They see it as a means of communication that will help people understand each other better, so that people can live and work together in a more friendly manner. The ADL tells these people of nasty attacks being made on people because of their race and religion; how they use posters, cartoons and other media to make people more acceptable to one another; how they need funds to operate and how so many 'big names' support their good work. After all, what kind of people could be in favor of 'defamation' anyway? These people, those who see this part of the ADL are its supporters.

Others know, some know from personal experience, other actions of the ADL. They know how the ADL must dig up, or even create nasty situations in order to raise funds. They know the power of its smear and boycott techniques. They know how this smear has been applied to accomplish various ends, including the destruction or elimination of those who fight Communism, Satanism, Zionism, etc. They know about the ADL's unprincipled policies. They know the hypocrisy with which it uses respectable association as a camouflage.

There are a few others who see the ADL as the all-powerful means by which Jews cannot be considered as individuals on their own merits. The ADL protects the worst in Jewry, behind the accomplishments of the best in Jewry. The ADL even prevents an individual Jew from expressing his opinions about the short comings of fellow Jews. It has often applied its power to stop anyone from talking against any policy, political or other, once a definite position had to be taken by the major Jewish organization.

The facts? Well, like most organizations, it is clear that the ADL does do some valuable and constructive work, even if it is only for public relations purposes. All may be summed up as publicity and educational programs that stress the individuality of Man: "Each person should be taken on his or her own merits"; "Each person is an individual before God". This is scriptural. This is the 'front' that the ADL tries to present to the public (and they have succeeded).

The rest of the facts are not so obvious to the public. The use of defamation, entrapment and blackmail—these are the tools—in-trade of the ADL. The use of goon-squads and undercover snoopers (techniques usually associated by the ADL with anti-semitic dictatorships) are the 'Storm Troopers' who do the dirty work of the ADL. But these are only the minor abuses practiced on fellow Americans—minor in comparison only.

The worst is the "Kiss of Judas" that is given to any Jew who would deviate from the ADL 'line'. Yes, the ADL has convinced most Americans that basically all Jews are alike—that there is no such thing as a desirable Jew or an undesirable Jew. All Jews are defamed whenever anyone points in a derogatory manner to any individual Jew. Good and bad Germans, good and bad Russians, obviously; but good and bad Jews, that is different. Ludicrous you say, of course, but for years most people have accepted it, even if after severe prodding, but they have accepted it.

There are many Jews who realize all of this and not only would they, never contribute to the ADL, but they are active in explaining to their co-religionists the dangers in the ADL activities—but so very powerful and safe from attack is the ADL, that it just slides along bigger and fatter than ever. Even the 'thought control'

agencies of the Communists were never as effective as the ADL.

The ADL is self-perpetuating, because as long as it works there will be categorical anti-semitism. As long as there is categorical anti-semitism, most Jews will experience it from time to time. As long as Jews feel anti-semitism, they will support the ADL, ad infinitum.

## The Protocols In A Nutshell!

There has recently appeared a private letter of "Karl Marx" (Mordecai), "Israel, Son Passe, Son Avenir" ("Israel, Its Past, Its Future"), revealing this Jew "Father of Socialism's" true aim.

This all-revealing letter was published by the eminent Dutch scholar and historian, H. de Vries de Hockelingen (Paris, 1937), and should be enough to convince all Doubting Thomases that "socialism" is nothing else but the old Jewish scheme for world-power; that it is nothing in itself separate from Jewishness; that it has no intrinsic content or logic or meaning at all beyond the Jewish mind; that it is not the result of, nor a "reflex from" economic conditions; is not the "economic interpretation of history" but is the Jewish plot against Gentile history. (Here follows Marx's letter.)

"In this new organization of humanity" (i.e., "Communism"), writes Karl Marx to Baruch Levi, "the sons of Israel, spread over the surface of the globe, will become everywhere without opposition the directing element, especially if they succeed in imposing upon the working classes the FIRM CONTROL OF SOME AMONGST THEM. The governments of the nations forming this universal republic will all pass without effort into Jewish hands under cover of the Victory of the Proletariat. Private property will then be suppressed by the rulers of the Jewish race, who will everywhere control the public funds. Thus will be realized the promise of the TALMUD, that when the time of the Messiah will arrive the JEWS WILL POSSESS THE GOODS OF THE EARTH."

Read the PROTOCOLS OF THE LEARNED ELDERS OF ZION. Don't take our word for it—read for yourself the secret minutes of the Jews and you will see how this Satanic plot is taking place BEFORE YOUR VERY EYES.

## Libel Suits Will Silence Patriots

Rabbi Samuel Horowitz—

The following article printed in The Jewish Spectator of April, 1939, by Rabbi Samuel Horowitz:

"In the days of the 'Dearborn Independent' American Jewry sent forth Aaron Sapiro, who sued the editor for libel, and thereby brought about Ford's apology.

"Since then the world has undergone the 1929 depression, which produced widespread discontent, and witnessed the tremendous development of the power of radio, now at the disposal of anti-Semitic demagogues who thrive on discontent, to wit: Father Coughlin.

"Hence, with the danger of anti-Semitism far greater today, the need for another Sapiro is more urgent.

"One reason for the failure to silence Coughlin is the resigned feeling of helplessness and futility, on the part of Jewish leaders. Their argument is that, as a citizen, Coughlin has the right of free speech. But they fail to see the difference between free speech and libel. Coughlin is a dangerous demagogue and a vicious wolf in sheep's clothing.

"There is no way of keeping him off the radio directly. And we cannot expect his hierarchy to unfrock him, because, as an individual citizen, he has a right to free speech.

"There is only one effective and legal means of SILENCING him—to sue him for libel. Coughlin has libeled the Jews. When a demagogue repeats his slanderous lies and ignores the truth, he is guilty of deliberate libel. Hence, all who have been libeled by him have a perfect right to sue him for libel. Thus BY SUING HIM FOR LIBEL for millions of dollars, ENOUGH TO CAUSE HIS BANKRUPTCY, would prove the most effective means of SILENCING him."

## Daily Worker Jew Owned?

The seizure of the Daily Worker, official communist paper in New York, on March 28, 1956, makes the following high lights of interest to those who are sufficiently interested to understand who is behind Communism. On August 28, 1923, Gregory Zinoviev (Radomeselky) Jew, head of the Comintern in the Soviet Union, cabled Charles E. Ruthenberg (Jew), executive secretary of the Worker's Party in Chicago, that the most important task for American workers was to establish a militant Daily. Zinoviev, immediately sent thirty-five thousand dollars to start the DAILY WORKER.

When Internal Revenue men raided the Daily Worker, it developed that Allen Max is Managing Editor, Max Gordon, City Editor, John Gates (Israel Reigenstrief) Editor in Chief.

The Attorneys who represented the Daily Worker, are Harry Sacher, John J. Abt and Newman Levy. All of these, including the Daily Worker's Officers are Jews, and several have just been released from the penitentiary after serving terms, having been convicted of trying to overthrow the United States Government by force and violence.

The Officers released a statement to the effect that during the publication of this Communist paper since 1923, they had used five million dollars and it was agreed between government and Daily Worker attorneys, that the present assets of the Daily Worker was valued at twenty-five hundred dollars. The daily circulation of this paper is now 11,000 and the Sunday circulation is 25,000.

This is not a healthy report as these Jews have used up, in big salaries, five million dollars in contributions, in addition to money received from subscriptions.

The Daily Worker arranged with the government to pay twenty-five hundred dollars and have the levy removed. Grace Hutchins, a non-Jewish woman was the sucker who put up the twenty-five hundred.

The above outlined record is quite a contrast with the record of COMMON SENSE which has been operating on peanuts for ten years, the Editor drawing no salary whatever and now has approximately eight times the readers of the DAILY WORKER.

The Revenue men could not attach the printing press as it belongs to the MORNING FREIHEIT, a Yiddish language Communist paper. The Daily Worker and the Jewish Freiheit occupy the same quarters.

# Keep This Man In Our Fight!

Conde McGinley will shortly be compelled to cease publication of Common Sense for lack of sufficient funds to continue operations. That is the situation at this moment. It must not be permitted to happen. Generous friends and loyal subscribers will not allow this to take place when they consider the consequences. If Conde McGinley is compelled to cease publication of Common Sense it will prove a serious blow to the chances of victory in the struggle to preserve civilization. It will mark the beginning of the end. It will be a sad day for countless unborn generations.

It is impossible for Common Sense to continue without a little financial support from each of its many loyal friends throughout the nation. This is the hour of decision for Common Sense. But the decision rests entirely with its friends. Furthermore, there is no time for delay. If Conde McGinley is forced to cease publication for the want of a few dollars today, Common Sense will never again be published. That conclusion is based on hard facts.

Common Sense has been published for over ten years as a losing venture. Common Sense was never intended as a money-making enterprise, and would serve no purpose if it were operated to earn a profit. During the past ten years millions of copies of Common Sense were distributed, many to persons who were not subscribers. The cost was enormous, but it has proved its worth. It has educated millions of Christians existing in a fool's paradise.

Conde McGinley supplies subscribers with 24 issues for the \$1.00 annual subscription price. Common Sense carries no advertising. These 24 issues cost more than the \$1.00 subscription price. That must be obvious to anyone. He realized the necessity of placing Common Sense in the hands of persons who were at the mercy of their real enemies.

Millions of copies were circulated to community leaders throughout the nation in all walks of life. That campaign awakened a sleeping nation to its danger. That campaign must continue without interruption. Common Sense is growing so rapidly with a non-profitable venture that it must be subsidized.

Conde McGinley cannot carry on any longer without a little more financial assistance from generous patriots. The need is more pressing than it is advisable to state here. But a response to this appeal can save the day if it is made at once. If you can only afford to send \$1.00 your generosity will mean more than a larger amount sent by another who can afford more. Those who can afford to send more will do so.

CONDE MCGINLEY

Conde McGinley is fighting your fight for you. It is a duty you owe to yourself to finance Common Sense as much as you can. If any friends can afford to send \$20.00 or \$50.00 or \$100 they owe it to themselves as well as to their families to send it.

Conde McGinley retired from business 11 years ago to devote his money and his life to fight the enemies of this nation and our civilization. Every dollar he had in the world he spent educating this nation to its dangers. Conde McGinley has never drawn one cent salary in 10 years. He sleeps in his office, and labors no less than 16 hours every day of the year. The nation should not "turn their back on him" if they are wise.

Every step in publishing Common Sense requires cash, except the services of Conde McGinley. Newsprint must be paid for in cash. Postage is also a cash item.

Twenty-six persons are necessary to keep Common Sense afloat. They operate the press, lineotype machine, folders, insert and address envelopes. Most are part-time voluntary workers. Money is needed to mail free copies to people who need to know the facts the so-called free press dares not print under penalty of losing their advertisers.

With enough help from generous patriots Common Sense can be placed in the hands of every community leader in the United States. Unless they learn the suppressed facts this nation will not long be the "land of the free" though once "land of the brave".

Common Sense has many enemies who wish to stop its publication, and use every

vile trick to destroy it. These enemies know the only way they can silence Common Sense is to cut off its source of revenue. Conde McGinley's enemies spread the story I am very rich and I alone supply Common Sense with all the money it needs. That is done to discourage others from contributing to Common Sense. I am neither tremendously wealthy, nor do I subsidize Common Sense with all the funds it requires to make up its deficits. I only regret that I am not now able to do what I was once able to do.

I manage to help Common Sense every week of my life. Some weeks it may be only a few dollars. Some weeks more. But I give every dollar I can spare above my modest living expenses. I do not ask whether it is a "tax deductible" transaction. Common Sense would have passed away long ago if Conde McGinley depended upon the wealthy men who make contributions only to "tax deductible" organizations. Common Sense has been kept in this fight by the modest contributions of the rank-and-file of this nation, with the exception of a few great patriots who have been magnificent friends.

This is not an appeal for charity. This is an appeal to your common sense. Common Sense is fighting your fight for you. Conde McGinley is dedicating his life to the labor of fighting your fight for you. It is to your interest to keep Conde McGinley and Common Sense in this fight. Your conscience and your common sense must tell you that you cannot afford to let this patriotic paper cease publication for so little from so many.

I personally give until it hurts. But it is a nice hurt. Try it and find out for yourself. Obey that impulse. Fold \$1.00 or as much as you can afford today into an envelope and put it into the mail before you get into bed tonight. You will sleep better. Do not let the enemies of Common Sense close it up. Do not believe rumors that are circulated for that purpose by your enemies.

There is no man or no cause in the United States today more deserving of your generous financial sacrifice now than Conde McGinley. This nation owes a greater debt to him than millions of dollars can repay. He asks nothing for himself. But he does ask you to back him up. Can we afford to abandon him?

I have paid for this space in order to give this message to you. Send your contribution to the Christian Educational Assn., Union, New Jersey.

Faithfully,

BENJAMIN H. FREEDMAN

Kenneth Goff is now a sincere, active and militant Protestant Minister, who risked his life to make a complete break with the Party. He is the only former Communist who really went all the way and who tells the real story on the hidden power behind Communism. This is the only opportunity you will have to hear this great patriot.

Mr. Goff was formerly a leader in the Communist Party. He was assigned by Stalin's agents in the U.S. to work among young people and help bring about a bloody Red revolution. He plotted the death of officials and Christian leaders. He used a number instead of a name. He worked with Red plotters from N.Y. and Hollywood. While a Communist he was invited by Mrs. Eleanor Roosevelt to be a guest at the White House.
